

Have you filled out **your medical history yet?**

Why a confidential medical history is important

Before you speak with a Teladoc doctor, they'll want to know about any past or current illnesses, as well as current medications and family history.

Teladoc is HIPAA compliant and all information is confidential. Your company cannot view your medical history. With your consent, Teladoc will share details of your visit with your primary care doctor.

Once you've completed your medical history, you'll be ready to talk to a doctor for \$45

Complete your medical history at:
