

Shop for Care and Save Money

As part of your health benefit plan, you have access to Valenz Bluebook, a tool that lets you shop for medical procedures at local in-network facilities to find the best price and get an out-of-pocket cost estimate.

Benefits of Valenz Bluebook

It's fast.

With a simple search you can find providers near you who offer quality care at a fair price and get a cost estimate before you schedule care.

It's easy.

Bluebook uses an easy-to-read red/yellow/green system to show which providers charge a fair price and which ones charge the highest price for the same care. A fair price is the reasonable amount you should expect to pay for a procedure or medical service.
