

Open Enrollment is Here!

Like most things in life, we know that your benefit requirements change over time. That's why we have an open enrollment period each year for you to change your benefit elections. Unless you experience a qualifying life event, you will only be able to make changes to your benefit elections during the open enrollment period ().

Enrollment is Easy

You can easily complete your benefit elections online using the Benefit Enrollment platform powered by Selerix.

1. Visit [benefit.enrollment.com](#) to get started.
2. Log in by entering:
 - Your Username [Social Security or Employee ID#]
 - Your PIN ([the last four digits of member Social Security Number and the last two digits of member birth year])
 - Forget your PIN? Just click the **Forgot PIN?** link to reset it.
3. Click **Begin Enrollment** on the home screen.
4. Follow the instructions on screen to:
 - Review your personal information
 - Review your dependent information
 - Elect your benefits
5. Review your final benefit elections.
6. Digitally sign and submit your elections.

Need to take a break?

It's okay if you can't finish enrollment in one session. We'll save your progress so that next time you log in, you can pick up right where you left off.

Once your enrollment is complete, you can scroll down to view a list of your completed enrollment forms. You can also log in to the system at any time during the year to review your benefit elections.
