

Knowing Where to go for Care

It's important to be aware of what certain health services cost and where to go for care. For example, the ER is the most expensive place to receive care and a non-emergency visit could mean higher out-of-pocket expenses. Knowing what your options are could save you time and money.

Your Doctor's Office

When minor injury or illness strikes, schedule an appointment with your provider. They can help coordinate any additional care you may need.
