

Three Reasons to Schedule Your Annual Exam Now

Your primary care physician looks after your long-term health, not just your current symptoms. Seeing your doctor regularly helps:

Manage current health conditions

Catch new health issues before they become more serious

Potentially save on healthcare cost in the future

Call and make your annual preventive care appointment today.

YES

DO YOU HAVE A PRIMARY CARE PHYSICIAN?

NO

Log onto [the Wellstar HealthPlan member portal](#) to find an in-network physician near you.

If you have questions, please visit [wellstarhealthplan.org](#), or call the number at the top of your member ID card to speak with a dedicated customer service representative.
