

Inpatient vs Outpatient

Place of Service Feature from Valenz Bluebook

When comparing estimated out-of-pocket costs, the amount you're responsible for paying can vary depending on the type of appointment and whether the procedure is inpatient or outpatient.

Valenz Bluebook's Place of Service feature allows you to recalculate your estimate for inpatient vs outpatient procedures, when applicable, so you can see the most accurate estimated out-of-pocket cost.

How It Works

1. Log in to **myEVHC.com** and click **Valenz Bluebook** in the **My Links** section.
2. Search by procedure, doctor, or hospital.
3. See the **Fair Price™** you can expect to pay. Select the place of service to update your estimate if applicable.
4. Choose a provider
5. Celebrate your savings!
