

Three Reasons to Schedule Your Annual Exam Now

Your primary care provider looks after your long-term health, not just your current symptoms. Seeing your provider regularly helps:

Manage any current health conditions

Catch any new health issues before they become more serious

Potentially save health care costs in the long-term

Call and make your annual preventive care appointment today.

YES

DO YOU HAVE A PRIMARY CARE PROVIDER

NO

Log onto myBryanHealthDirect.com to find an in-network provider near you

If you have any questions, call the number on your ID card.
In an emergency, always call 911.
