Say Hello to a Better Benefits Experience

With the new Quantum Health app, it's easier than ever to access their expert guidance for help with medical claims, benefits, prescriptions and so much more.

- Access your ID card, chat with a Care Coordinator and see your messages.
- Search for in-network providers, review health care costs and view certain benefit and claims information through Quantum's application.
- Get up-to-date medical claims, deductible status information and health care spending information.

If you have an existing account, you'll also need to update your login information to take advantage of recent security enhancements. This one-time process should take just a few minutes.
