Provider Registration

The account creation provides the username and password you will use. The next step is to connect your user name and password with your provider information.

1. Enter your information into the required fields to link your account to your provider tax ID information. Enter your first and last name as the user but enter the provider's tax ID number. The provider information should be the same as the W-9. If your tax ID is found in our provider database, your registration will be automatically approved. If the tax ID number is not currently on file with us, a message appears:

"All of the taxpayer identification numbers are not found within our provider database.

Please fax a copy of the Provider's W9 to 800-647-1791 or you can email a copy of the Provider's W9 to;

registerprovider@hlthben.com to gain access. Once the Provider taxpayer information is entered, you will be able to register.

This process can take up to 5 business days. Thank you for visiting myOhioHealthy.com."

Indicate whether you are a billing center or a provider or facility.

You can request Claims Access and/or Eligibility Access but we will review the request and authorize appropriate access. If you meet the criteria for automatic approval, both claims and eligibility access will be checked.

Additional Information Needed for Your Account

ⓘ Indicate the type of provider user account you need to our portal.

☒ **I am a billing center:** By choosing this option you represent that you are a business associate of the covered entity whose TIN you are providing, as defined by HIPAA (45 CFR § 160.103), and that you are accessing this website for payment purposes as allowed under HIPAA.

☐ **I am a provider or facility:** By choosing this option you represent that you are a covered entity, as defined by HIPAA (45 CFR § 160.103), and that you are accessing this website for treatment, payment, and operations purposes as allowed under HIPAA.

One of the security questions you answered during registration appears.

Enter the answer to the security question, exactly as it was entered during registration. The answer is case sensitive. If the answer was entered in upper case (capital) letters during registration, it must be entered with upper case letters here. You are given two chances per security question to answer a security question correctly. Click **Submit** when done.

If you are unable to answer a security question correctly after the 6 tries, you will see a message: *"You have made too many incorrect attempts. You must wait 30 minutes to start the Forgot Password process again."*

After the 30 minutes have passed, start the Forgot Password process again. If you are unsuccessful in answering a security question correctly after 6 more attempts, you will see a message: *"You have made too many incorrect attempts. You must wait 24 hours to start the Forgot Password process again."*

If you attempt to start the Forgot Password process too early, you will see a message to wait XX hours/minutes to start the process again.

If you successfully answer a security question, you will receive an email at the email address used during registration. Click on the link in the email to Change Password within 24 hours. This will take you to the Reset Password page. Enter a new password of 6-32 characters with at least one character not being an alphabetic character. Retype the same password and click **Submit**.

After 24 hours the link is disabled and you will need to start the Forgot Password process again.

Results: You are returned to the login page. Log in with the username and new password.
