

Three Reasons to Schedule Your Annual Exam Now

Your primary care physician looks after your long-term health, not just your current symptoms. Seeing your doctor regularly helps:

Manage any current health conditions

Call and make your annual preventive care appointment today.

YES

Catch any new health issues before they become more serious

NO

Potentially save healthcare costs in the long-term

Go to OhioHealthyPlans.com to find an in-network physician near you.

If you have any questions, call the number at the top of your ID card. In an emergency, always call 911.
