OhioHealthy network pharmacies

Simple. Easy. Convenient.

As an OhioHealthy member, you have access to convenient in-network pharmacies which include most major chains, Specialty and Mail Order Pharmacies. We provide exceptional customer service and convenient user-friendly tools and resources to support all of your prescription needs.

We're committed to helping you manage the cost of your prescription medications and accessing convenient in-network pharmacies.

Navitus offers many features to save you money:

- A high-performance formulary that offers lower-cost alternatives like generics or less expensive brand name drugs when clinically appropriate.
- We have teamed up with GoodRx, the largest discount card in the country, to provide you with even more savings. When you fill a prescription for a generic drug at select pharmacies, we compare the out-of-pocket cost under your benefit to the GoodRx price. You pay whichever is less. Just present your ID card to start saving. It's that simple!
